## GARDiS Software Pelco VideoXpert Integration

TDSi's GARDiS Software integrates with Pelco VideoXpert, an intuitive video management solution designed to fit surveillance operations of any size thanks to its flexible and reliable modular architecture. VideoXpert will display Cameras and Live Feeds from the Pelco Video Platform within GARDiS Pro Software, both from within a Camera List or Site Plan.

Intuitive setup process makes it easy to add Pelco Camera Feeds to GARDiS Pro Software, allowing users to view live video feeds within the GARDiS Platform. It's also easy to setup events within GARDiS and associate them with specific cameras on the system, these can then automatically be sent as bookmarks to the Pelco Server when a predetermined event is triggered within GARDiS.

### At a Glance

- Easy to configure with GARDiS Pro Software
- Easy connection to Pelco Server to synchronise Camera List into GARDiS Software
- View Live Video from Pelco Server in GARDiS Camera List
- View Live Cameras in GARDiS Site Plan
- Send Bookmarks to Pelco Server automatically on an event within GARDiS

### Pelco

**Pelco is a global leader in the design, development, and manufacture of predictive video security solutions, including video surveillance cameras, video management and recording systems, security software, and aligned services.**

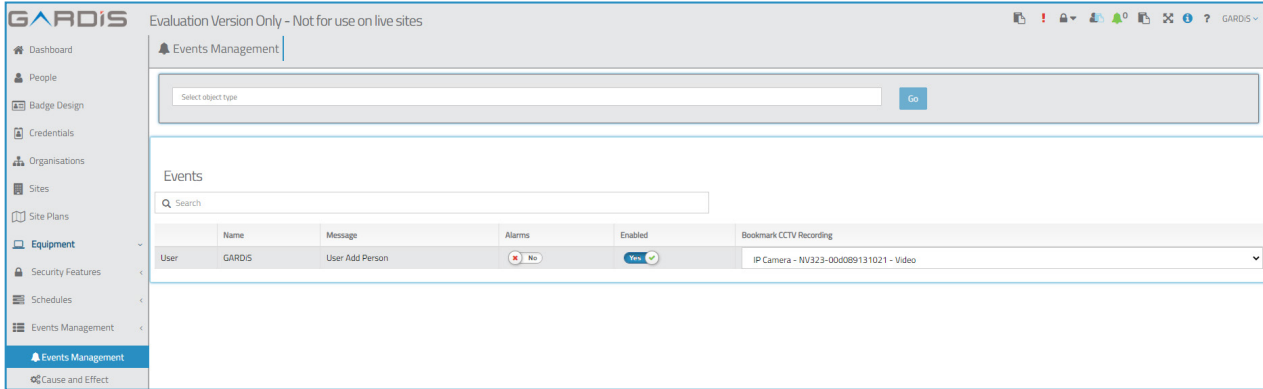

As the single source for video, security management, and intelligence solutions, Pelco is committed to delivering a broad range of high-quality products and systems that make the world a safer place. Across a wide span of industries, loyal customers and partners turn to us as an end-to-end provider of video technology that is designed to propel faster deployments, higher levels of system resilience, and a lower total cost of ownership.

For more than 63 years, Pelco's foundation has been built on developing close relationships with our customers and partners. Whether you are protecting a single retail store, a multisite enterprise or anything in between, Pelco has you covered.

### About TDSi

**Robust and reliable Access Control Systems manufactured by world-renowned security specialists TDSi for the last 40 years.**

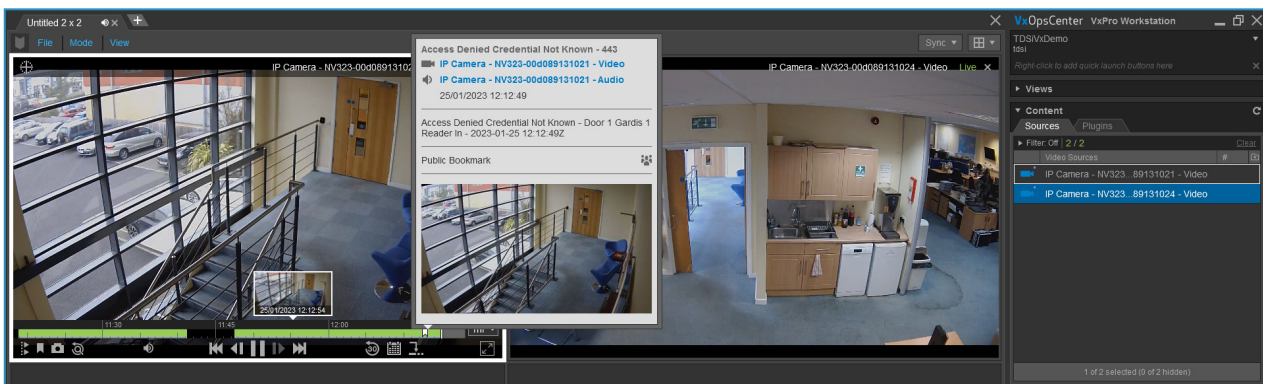

Protecting and securing your building, assets, and people is a high priority for any business. However, those responsible for building security often find themselves overwhelmed by choice. TDSi is a specialist in access control, offering a range of superior products that not only answer the security challenges of the 21st century but delivers peace of mind to those who trust in our expertise and experience.
