

GARDiS Software Integration

**Hanwha Vision**

**Wisenet Wave Integration**

4420-3073

## Hanwha Vision Integration

TDSi's GARDiS Software integrates with Hanwha Vision's Widenet Wave Platform to pull camera feeds from the Hanwha Platform into GARDiS Pro. The user-friendly configuration process simplifies the addition of Hanwha Vision Camera Feeds to GARDiS Pro Software, enabling users to effortlessly access live video streams within the GARDiS Platform.

Once configured, it is easy to access Hanwha Vision Cameras and Live Feeds within GARDiS, accessible from the GARDiS Camera List or alongside configured Site Plans. It is also possible to automatically add GARDiS Events as bookmarks to the Hanwha Vision Server when predefined events are triggered within GARDiS. Additionally GARDiS Pro Software Version 2.6 now supports Video Verification for Access Events associated with a Camera, along with playback of Recorded Video.

## At a Glance

- Easy to configure with GARDiS Pro Software
- Easy connection to Hanwha Vision Server to synchronise Camera List into GARDiS Software
- View Live Video from Hanwha Vision Server in GARDiS Camera List
- View Live Cameras in GARDiS Site Plan
- Bookmark video automatically on an event within GARDiS
- Video Verification
- Playback of Recorded Video

## Hanwha Vision

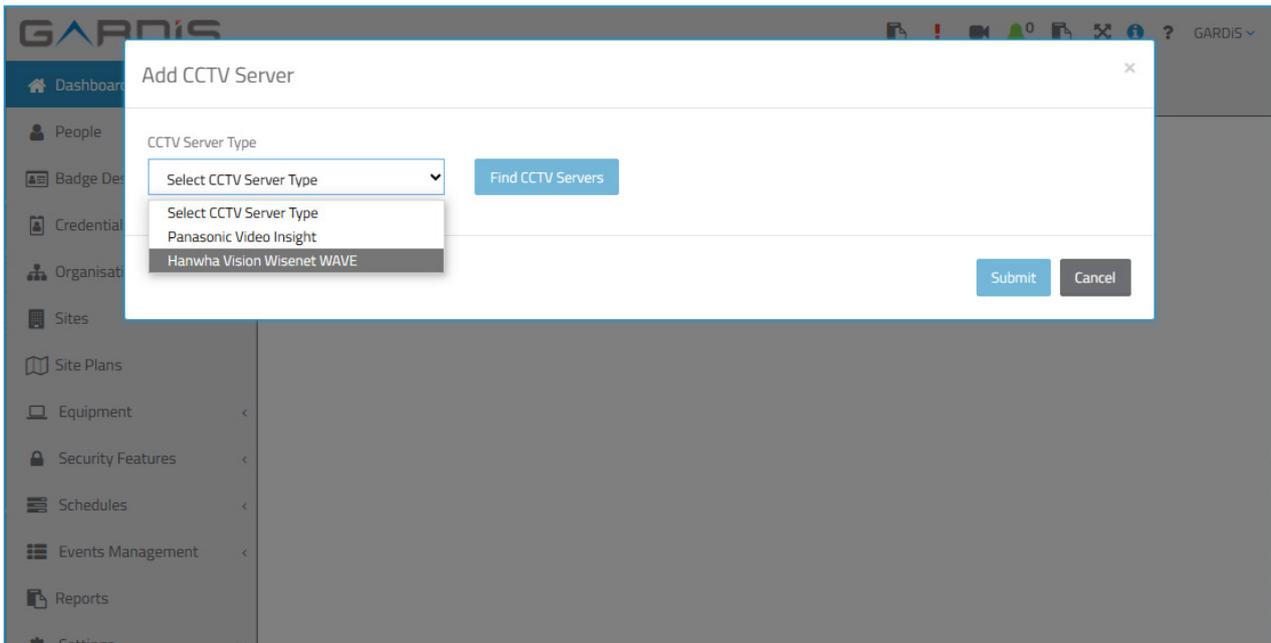

Since launching their first surveillance camera in 1990, Hanwha Vision has focused on the video surveillance business for the last 30 years. They've built a full line-up of video surveillance (CCTV) products from cameras and storage devices to integrated control and intelligent video analysis software using top-tier optical design, manufacturing, and image-processing technologies.

Hanwha Vision's world class imaging technology is now applied to more diverse business areas including Access Control and Intruder Detection. Their products play an important role for the safety and happiness of people by protecting cities, airports, seaports, industrial areas and military installations.

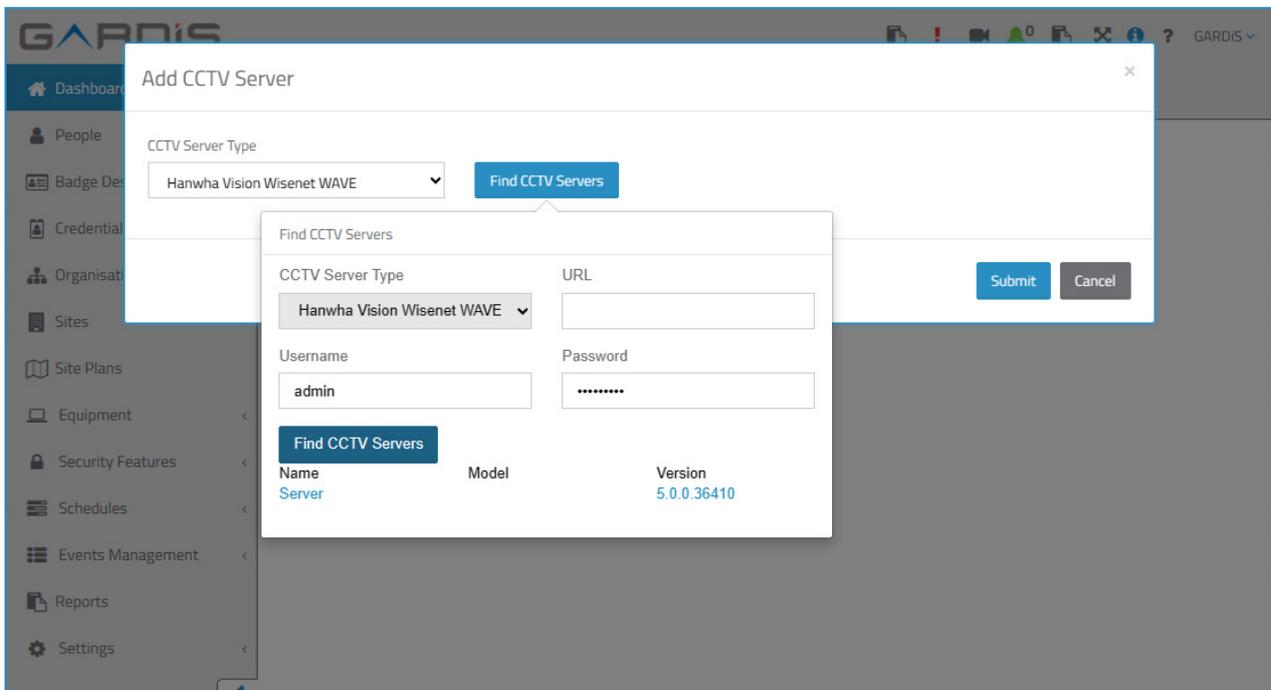

## About TDSi

**Robust and reliable Access Control Systems manufactured by world-renowned security specialists TDSi for the last 40 years.**

Protecting and securing your building, assets, and people is a high priority for any business. However, those responsible for building security often find themselves overwhelmed by choice. TDSi is a specialist in access control, offering a range of superior products that not only answer the security challenges of the 21st century but delivers peace of mind to those who trust in our expertise and experience.

Adding a Hanwha Vision CCTV Server within the GARDiS Software.
